

WAPJA POLICY

President's award for Excellence in Judging

Scope

This policy sets out the criteria and processes for an individual to be awarded the President's Award for Excellence in Judging.

Definition

This is an annual award made to one or more WAPJA member judges who have made a significant contribution to club photography through excellence in judging in the year preceding the WAPJA Annual General Meeting.

Procedure

Consideration is given to:

1. the number and type of judging events attended,
2. the feedback rating and comments, and
3. the extent of skills development through workshop attendance(s).

All financial judge members, except those on the WAPJA Committee, are eligible.

The President submits a short list of candidates one month prior to the AGM for the committee to reach consensus on the recipient(s).

There may be more than one award, or no awards, in any year.

Awardees receive a framed certificate signed by the President, at the AGM (example attached).

Policy Introduction

This policy is effective from 1 March 2019.
